## *Introduction*

Bismillahirrahmanirrahim. Assalamu'alaikum  
Warahmatullahi Wabarakatuh  
and Salam Sejahtera

First of all, I would like to congratulate and welcome the new students who successfully got an offer to enter the Department of Information and Communication Technology, Ungku Omar Polytechnic. Congratulations also to you for choosing the Information Technology Diploma Program (DIT) as the field you want to pursue. Congratulations are also extended to the Editorial Board of JTMK and all JTMK members for their cooperation in making the publication of this Student Handbook Latest Edition with success.

This Handbook provides exposure and academic reference to students regarding program information, course lists and professional certificates to help them understand the DIT program throughout their studies. This handbook also helps students know and recognize lecturer information such as names, locations and important units in the department. Hopefully the planning of this student handbook can help students to complete their studies within the specified period.

JTMK Students' Guidebook Session I: 2024/2025 is prepared for Diploma in Information Technology students'.

This guide book contains brief and concise information regarding DIT programme. The aim of producing the Guide Book is to provide overall details about DIT program; therefore students have an overview about the program and able to plan their studies according to respective intake.

There are 3 tracks offered under DIT programme:

Track 1 - Software and Application Development

Track 2 - Networking Systems

Track 3 - Information Security

Besides that, information of staffs, units and facilities in JTMK are also describe in this guide Book.

# Curriculum of Diploma in Information Technology

## PROGRAMME AIMS

The programme believes that every individual has potential to foster adaptable and responsible Information and Communication Technology (ICT) Assistant with new technological advancement in supporting the national digital initiative transformation agenda.

## PROGRAMME EDUCATIONAL OBJECTIVES (PEO)

The Diploma in Information Technology programme shall produce semi-professionals ICT practitioners who are capable to:

### PEO1

Computer technicians have basic knowledge with numeracy and technical skill to solve well-defined and routine problems in computing in line with the industry requirements.

### PEO2

Computer technicians have the supervisory ability and good interpersonal and communication skills to interact in various environments.

### PEO3

Computer technicians have a commitment to lifelong learning and an entrepreneurial mindset for self and career development.

### PEO4

Computer technicians who are committed to ethical conduct and professional practices in the organization and society.

## PROGRAMME LEARNING OUTCOMES (PLO)

Upon completion of the programme, students should be able to:

### PLO1

Explain concepts, principles and theories relating to Information Technology.

### PLO2

Apply design and architecture to Information Technology solutions using appropriate tools and techniques.

### PLO3

Perform support and development tasks on Information Technology solutions related to job functions.

### PLO4

Demonstrate effective interaction with stakeholders and society in a work-related environment.

### PLO5

Exhibit effective communication with stakeholders and society in a work-related environment.

### PLO6

Use appropriate digital tools on computing related to job functions.

### PLO7

Apply appropriate numerical skills in computing related to job functions.

### PLO8

Demonstrate supervisory skills and responsibility in executing instructions related to job functions.

### PLO9

Commit to principles of lifelong learning in academic and career development.

### PLO10

Demonstrate an entrepreneurial mindset in performing tasks.

### PLO11

Commit to professional and ethical practices in executing instructions related to the job and organizational functions.

The curriculum of Information Technology Programmes are integrated with the curriculum of professional certifications such as CCNA and COMPTIA A+, so as to give the opportunities for the students to sit for professional certificate examinations. This will give the students an added value and ensure that the knowledge and skills acquired through the DIT programmes are relevant with the need of the ICT industries. Some of the professional certificate examinations that the students are ready to sit for are as follows:

Computing Technology Industry Association (COMPTIA A+)  
Sun Certified Java Associate (SCJA)  
Microsoft Certified Technology Specialist (MCTS : SQL)  
Microsoft Certified Technology Specialist (MCTS : WINDOWS 7)  
Cisco Certified Entry Networking Technician (CCENT)  
Cisco Certified Network Administrator (CCNA)  
EC-Council Network Security Administrator (ENSA)  
Novell Certified Linux Administrator (CLA)

**Curriculum Information Document System (CIDOS)** is e-learning applications used by lecturers and students as a medium of teaching and learning online.

### Function of CIDOS

The functionality based on type of user which is lecturers or students.

#### Lecturers

- Upload notes, tutorials and assignment.
- Check student assignment.
- Do quizzes and test online.
- Get quizzes and test mark faster.
- Participate in online discussion (forums) and online classroom.

#### Students

- Download notes, tutorials and assignments.
- Upload assignment and send back to lecturer.
- Take quizzes and test online.
- Participate in online discussion (forums) and online classroom.

#### How to use CIDOS

- Open CIDOS website <http://puo.cidos.edu.my/> .
- For the first time user, please enter IC Number for both username and password to login.
- Student must change the password for security issues.
- Course lecturer will guide you to use CIDOS effectively.

## INFORMATION

**The Academic Advisory System (SPAk)** has been introduced at the Polytechnic since 2004. In 2021, SPAk PUO has gone through various reforms and developments in terms of PA File management and eFPA, iPUO system applications in line with the requirements at BIPD, JPPKK. SPAk aims to empower the role of Academic Advisers (PA) to help students' academic and personality development with the support of the Department's Academic Advising Coordinator and several units such as the Counseling Psychology Unit, HEP Unit, CISEC Unit and Information Technology Unit.

## The Role of Students:

1. Students **MUST** attend consultation session with Academic Advisor at least 1 hour per week.
2. The Registration Course and Examination Result slip must be submitted to the Academic Advisor for every semester (documents will be generating from iPUO).
3. Academic advisor act as facilitator to help and guide students in academic, career, self-confidence issues and etc.
4. Academic advisory assist in planning and organizing the student's study program structure.
5. Medical certificate (MC) must be attach with MC Form and verifying by Academic Advisor within 7 days before it is uploaded in iPUO.
6. Private Clinic Medical Certificate is limited to **TWO (2)** consecutive days and not more than **EIGHT (8)** days of the semester. (Refer to BUKU ARAHAN PEPERIKSAAN DAN KAEDAH PENILAIAN (DIPLOMA) EDISI 6 JUN 2019, Bahagian 3 Page 11).
7. Students are required to make an evaluation to the Academic Advisor at the end of the semester.

## INFORMATION

8. Students are required to prepare a portfolio file to upload all learning documents throughout studies.
9. Students need to cooperate with academic advisors in any activity or instruction given.
